Well it was just to
cool being your T.A.
even though we argued
a lot. I'm really gonna
miss you when I move.

Dope your knee gets better
real soon and let's of

luck during football and
Basketball season.

Coach,
Thanks for a great
year. This is the best
I've ever done in math.
Thanks again.

Coach,
It was a really
pleasure having
you for a teacher.
You had a nice summer
from Ed Copenhagen

Coach,

It was real nice knowing
you this year. Hope to see you
next year if I don't move away
to Phx. Keep the knee working
so you can kick some butt.
Thanks for letting me sign

Senior BBQ And Assembly

We'll Miss You, Class Of '87

This year the senior class of '87 started a new tradition at Flagstaff High School. It began with an assembly that was dedicated to the seniors and featured mostly senior performers. There were performances by four rock groups, many singers (including a standing ovation for Dorine Gardner), and the senior members of the 85-86 and 86-87 Spiritline, among many other great acts. The second new activity this year was the senior-faculty BBQ. It was a chance for the seniors to spend some "friend time" with the faculty.

Most of us girls have played together all of our high school years, making our team a family. Every player was truly concerned with the welfare of the team and its members. It was the positive attitude of the team that made us such big winners. Just thinking how four years ago we played Mingus Union and struggled. This year we met them at state and gave them a real run for their money. We had an awesome team this year. What a mixture! The seniors were friends to all of us, some of the best we will ever have, and even the shy sophomores really showed us. As juniors we were the inbetween players. Not to shy, but not quite as experienced. We were a proud team. Maybe that says it all. Whether we were on the bench, or on the field, we were always intense. The coaches backed us all the way. Coach Carlin, Sheryl, Cynthia and Patti. Our Pals on and off the field. To a year that will never be forgotten. Good-bye seniors . . . thanks. We will miss you. To the juniors and Sophomores, we'll see you next year.

Decision classes are to provide information and activities to help students better understand themselves and the world around them. This particular unit was on parenting. Students were asked to be responsible for a baby for three days, 24 hours a day. At the end of the three days, they were to write a diary about their experience and how they felt about being a parent.

Mike Wood, Ramiro Fernandez, Jason Schorey, and James Padilla are just a few of the faces we see at school everyday. In addition to the many preps, jocks, heavy metalers, and cowboys, plus others, the punks not only represent a way of life but also a type of music as the preps and heavy metalers do. We have all surely heard of the Sex Pistols, Metallica, and not to mention the well-known Top 40. All of these groups add to the variety of life at Flagstaff High School.

We never want to realize
 that we have to grow up.
 And even though
 it's not always for the better,
 we must change- and we must grow.
 The changes we have made in
 these past three years,
 have been essential in our lives.
 The time we've spent together
 has helped each one of us
 become our own unique person.
 These are the best years of our life.
 We've got to make the most of them.
 And as we look back,
 at all of our good times,
 we realize what we had.
 We are all so different,
 and yet we're all alike.
 What will happen to us?
 Who will we even become at all?
 Now, here we stand.
 It's time for all of us
 to go our separate ways.
 The time went so quickly
 It seems like only yesterday
 we had forever . . .
 There was time to laugh,
 time to cry.
 times of excitement,
 times of disappointment.
 There were times to win,
 and times to lose.
 There was time to hurt,
 and time to heal.
 Time to live, time to love,
 but most of all, we had time together.
 Our time.
 The time we spent sharing our lives
 will never be forgotten.
 In our hearts we know,
 we'll always be the best.
 We try to hold our special moments,
 but before we know,
 they've slipped away.
 Now they're only memories.
 But it's all part of life
 And soon we'll forget
 what once seemed our special times.
 But may we never forget,
 The Class of 1987
 Together Forever . . .

Senior Unity

This year's Senior class was a very united one. They also all enjoyed attending Flagstaff High School. You can tell this by the way most of them are smiling in their pictures. Even in this candid photo of Steve Thompson and Kari Clark you can see the joy in their faces! They, of course, have many reasons to smile. Flag Hi has such great things as; the Eagles, our faculty, our seniors, drinking fountains, and parking lots. Our school is not only the best school in the city, but it is also the best in the state. Boy, I sure am running out of neato things to say about FHS, so I'm gonna quit writing about the almighty Eagles. FHS, what a great school!!!

The Spirit Of Flag High Eagle Football

Athletics have always been a major part of the school life at Flagstaff High School. Sporting events are more than just social gatherings for Eagle fans. It's a time for the students and boosters of Flagstaff High to come together to cheer the players on to victory. Nothing is more exhilarating than an Eagle win! And once again, our Eagle football team had a winning season.

No one is more proud than an Eagle. The spirit of Flagstaff High School shows in the entire student body. The Eagles have earned statewide respect for all of their outstanding athletic achievements. With so many successes and accomplishments under its belt, Flagstaff High School deserves to be proud.

Here, Glenn Kopp smiles proudly for us as he displays a photograph of himself in uniform (and classic form!). Glenn, a senior this year, was a wingback and a defensive back for the Eagles.

Something For Everyone

The Sciences

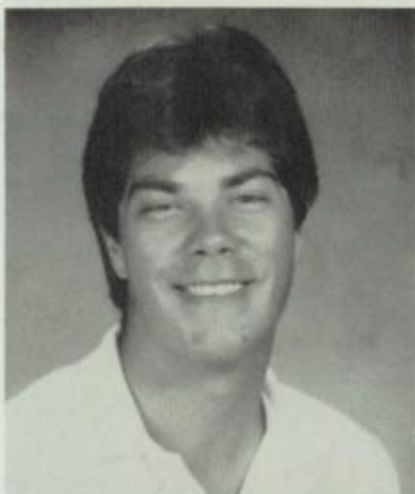

Flagstaff High School offers a total of seven science courses: Chemistry I and II, Biology I and II, Earth Science, Physics, and Advanced Placement Science. If a student intends to graduate, then he/she is required to successfully complete two of the courses. For some, this not as easy as it may seem. The sciences are definately confusing at first; but once understood, they can actually be amazing. Elements of chemistry and biology are everywhere around us — you know, it can be facinating to understand your environment, rather than merely exist in it.

From personal experience, my science classes have not been ALL hard work. For some reason, all three of my science teachers at FHS have been especially personable. (even a bit CRAZY at times) Their jokes and stories broke up the confusing lectures. A silly remark was appreciated once in a while, in that it gave my brain a short rest from Avagadro's hypothesis!!!

Senior Enthusiasm

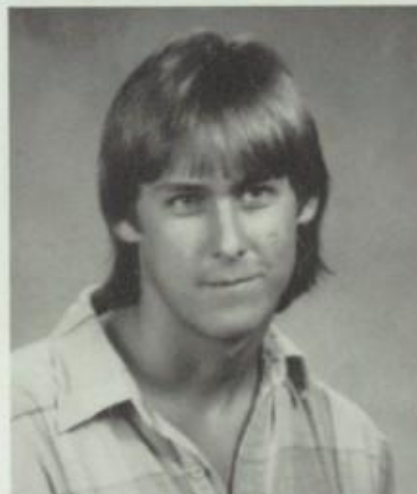

Rob Evans and Rory Arnett sit in and participate in one of the many pep-assemblies held for Eagle sports.

Football season got off to a great start as the seniors won the spirit banner at the first assembly. Many successful pep-assemblies followed this one. They included such activities as: Yelling contests between the three classes, variety shows, spirit cheers and other games and competitions. Most of the assemblies were put together and planned by Mrs. Van Dyke and a pep-assembly committee. In this photo Rob, affectionately known as "Peto" to his friends, cheers on the team in his shades, while Rory is cluelessly phasing out.

HEY COACH
 YOU A GREAT

Juniors
 SE YA next
 YEAR

We weren't down at the bottom this year, nor at the top. The class of '88 filled the "Junior" spot on the FHS pecking order this 86-87 school year. We didn't have to tolerate any more "Squashmore" jokes, yet we still hadn't assumed the power of being a Senior — we're just the Juniors.

But this year has definitely been one of the best. We have been bound together with spirit and enthusiasm while facing each new challenge — more difficult curriculum requirements, stricter attendance policies and, of course, preparing for the future. And, for the most part, we are all on the road to success.

We stand together, work together and, most importantly, have fun together. You've got to admit — the class of '88 has made the most out of these years. That special "88 spirit" has grown stronger ever since we all came together so long ago in seventh grade.

Realizing that our Senior year is "it", we are all anticipating it with a certain enthusiasm. The Class of '88 is not through yet . . .

Watch out!

Sophomores

The class of '89 has made it's breakthrough into FHS. We all know it's difficult to change schools, classes, teachers, and go from being the oldest to the youngest once again. But our Sophomore class adapted well and showed outstanding spirit and pride for FHS.

We've come such a long way in the four short years we've been together. The junior high peer pressure has been replaced with individuality and maturity. With so many new opportunities and privileges, we are becoming our own people — each of us forming goals for the future and taking a stance on our lives.

This year in the high school has definitely been different, but we've all basically changed for the better. There is still so much to learn, do and see in these next two years. This is only our beginning — and I know the best is yet to come.

*We are loyal:
loyal to our studies,
loyal to our class,
and loyal to FHS.*

Athletics

Sports — without them life at FHS would definitely be missing something. From cross country to football, our sports program offers something for everyone, and the opportunity for everyone to get involved.

The unity within each team leads to some very special bonds — friendships which cannot be described in words. Members of a team feel the joy of victory and the pains of defeat, while all the while they strive to be the best.

But the Eagle sports scene is not complete with the teams. The fans play an equally important role. One must not be a 'super-jock' to become involved in sports. Those enthusiastic Eagles who cheer from the sidelines promote the FHS spirit — and a different kind of togetherness: Unity as a school.

*Determined teams + Devoted fans
= EAGLE SPIRIT*

One would not be complete without the other.

Live It Up!

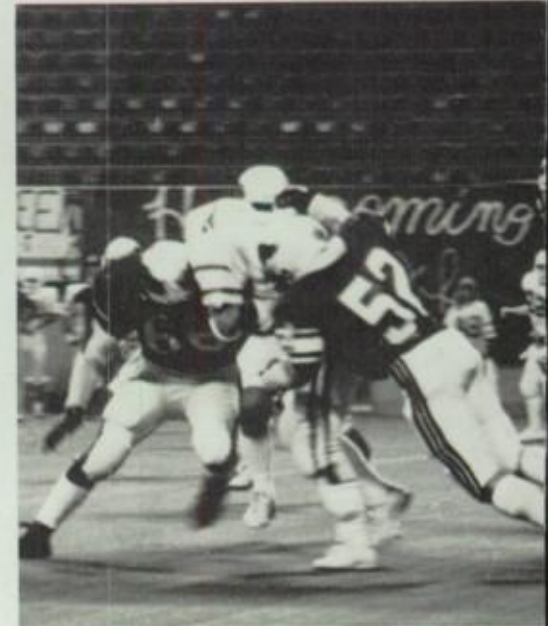

Four State Championship banners hang from the wall in our gym, along with all the high achievements of brothers gone by. Just to be in the same school, and to be a part of that same program is something to be proud of. The time we've spent together during the 1986 football season, gave each one of us a feeling that couldn't be helped. That was the EAGLE FEELING. That feeling existed this year along with the same high goals, but what also existed this year, that is also present in everyday life, were obstacles to help us learn along the way. This year the Eagle family was faced with an important lesson. That lesson was to get up fighting, after being knocked down. And just as important as a state championship, we learned that lesson, and learned it well. Not once did we stay down, and we never will in the future. Now we must go our own ways, but because we're Eagles, nothing will ever break us in two. I love you all.

Love,
Chris "The Meat" Fielder #53, #80

The 1986 Eagle Football Season was a complete success. All the men who participated lived, loved, and learned the game of football from the beginning to the end. Forty-one young men climbed a big stepping stone in life, where success, and failure collide. We all looked at it like a fence. Climbing it was the task at hand; success lay on the other side. To all my friends and football brothers, I bid you farewell on this note: It's better to fail at a task that will ultimately succeed, than to succeed at a task that will ultimately fail.

I love you all,
Joe Vitt #23

Eagle J.V. Football

The Flagstaff High School Junior Varsity football team played to a 2-6 season this year. Their wins came at the beginning against Snowflake, and at the end against Washington. The Eagle J.V. is a training and proving ground for players aspiring to make the Varsity squad next year. Six sophomores made the transition from J.V. to Varsity this season and gave needed talent and depth to a young varsity team.

*Though our 1986-87 volleyball season was one of extreme transition and change; we made it through and grew as a team . . . and as individuals. We all learned what was expected of us, be it leadership, performance or mutual understanding of one another. Despite our losses, we gained something even greater, the friendship and support of nine other players. We hope the good times (long talks on bus rides, Beach Boy singalongs, Mademoiselle questionnaires, and fits of Herman Munster laughs) will always outshine the hard times when we think of the unusual season we spent together. We love you!

When people from different walks of life come together there's not always harmony. That's not the case with us. We were 12 guys united as a family with "Mom" Keeping watch over us. During our four months together we became friends. Some of these friendships will never be forgotten. Each of us are unique but when our personalities were molded together the result was spectacular. We overcame injuries and always gave 110%, even when we were down we gave our best. We will miss our graduating players. All of us who are returning, remember our saying: "Don't mess with the Family." Cheers!

Junior Varsity Basketball

The purpose of Junior Varsity Basketball is to give players game experience and better prepare them to play Varsity Basketball the following year. The level of competition of the league we were in was very high and the adversity through injuries that the players were placed in forced the J.V. team to mature faster than most teams. The impressive part of this is that they met the challenge and surpassed expectations without complaint. As coach of this team, I was pleased to be associated with them and know they will be a success.

We entered our 86-87 season with a new coach, new players, and new hopes. It turned out to be nothing less than a success. We became closer than we ever dreamt possible and gained a respect for our coaches we didn't think we had in us. We owe much to our coaches and each other for a great season of growing sharing, and for the first time in a long time . . . winning!!

Classes

You may, after years of schooling, ask yourself the question, "WHAT could possibly motivate a teacher???" Anyone can see that it must take a considerable amount of hard preparation work, not to mention patience, understanding and tolerance! We all know how entertaining it can be to drive a teacher absolutely NUTS . . . "Can I go to the bathroom?" — "WHAT page??" — "I'm totally lost, I don't understand!" — "WHAT?!? You said we could use notes on this test!!!" — "Will you grade us on a curve??" — "Can we go on a doughnut run today??" . . . A few of these lines sound familiar?

As a student, I just couldn't figure it out. What keeps these people going? I, for one, would have ripped every hair out of my head before second semester finally rolled around! So . . . I decided to investigate. What motivates you teachers?

- "I love my subject area and I love teenagers." Mrs. Baron
- "I really like the students and feel I have a lot to offer them. (those who wish to listen!)" Mr. Bowling
- "I like working with the students and just being in the school, especially a high school." Mrs. Lorenz
- "Seeing my kids progress from one level to another." Mrs. Carlin
- "The end is in sight!!!" Mr. Stone (student teacher/Chemistry)
- "June, July and August!" Mr. Lorents

Ah ha! That's what it is — these teachers like us, the students, and they like working in the school, namely, FHS!

Science: It's Only Natural

Here at Flagstaff High School we have many great science programs. In the Biology Department the students are learning about nature and the natural habitat around Northern Arizona. These students are also learning to dissect and identify animals and their various organs. Biology students learn to distinguish between the plant and animal phyla.

Students in the Chemistry Department learn about the various elements and their family groups. These students do experiments using many chemicals. They learn to determine the gas

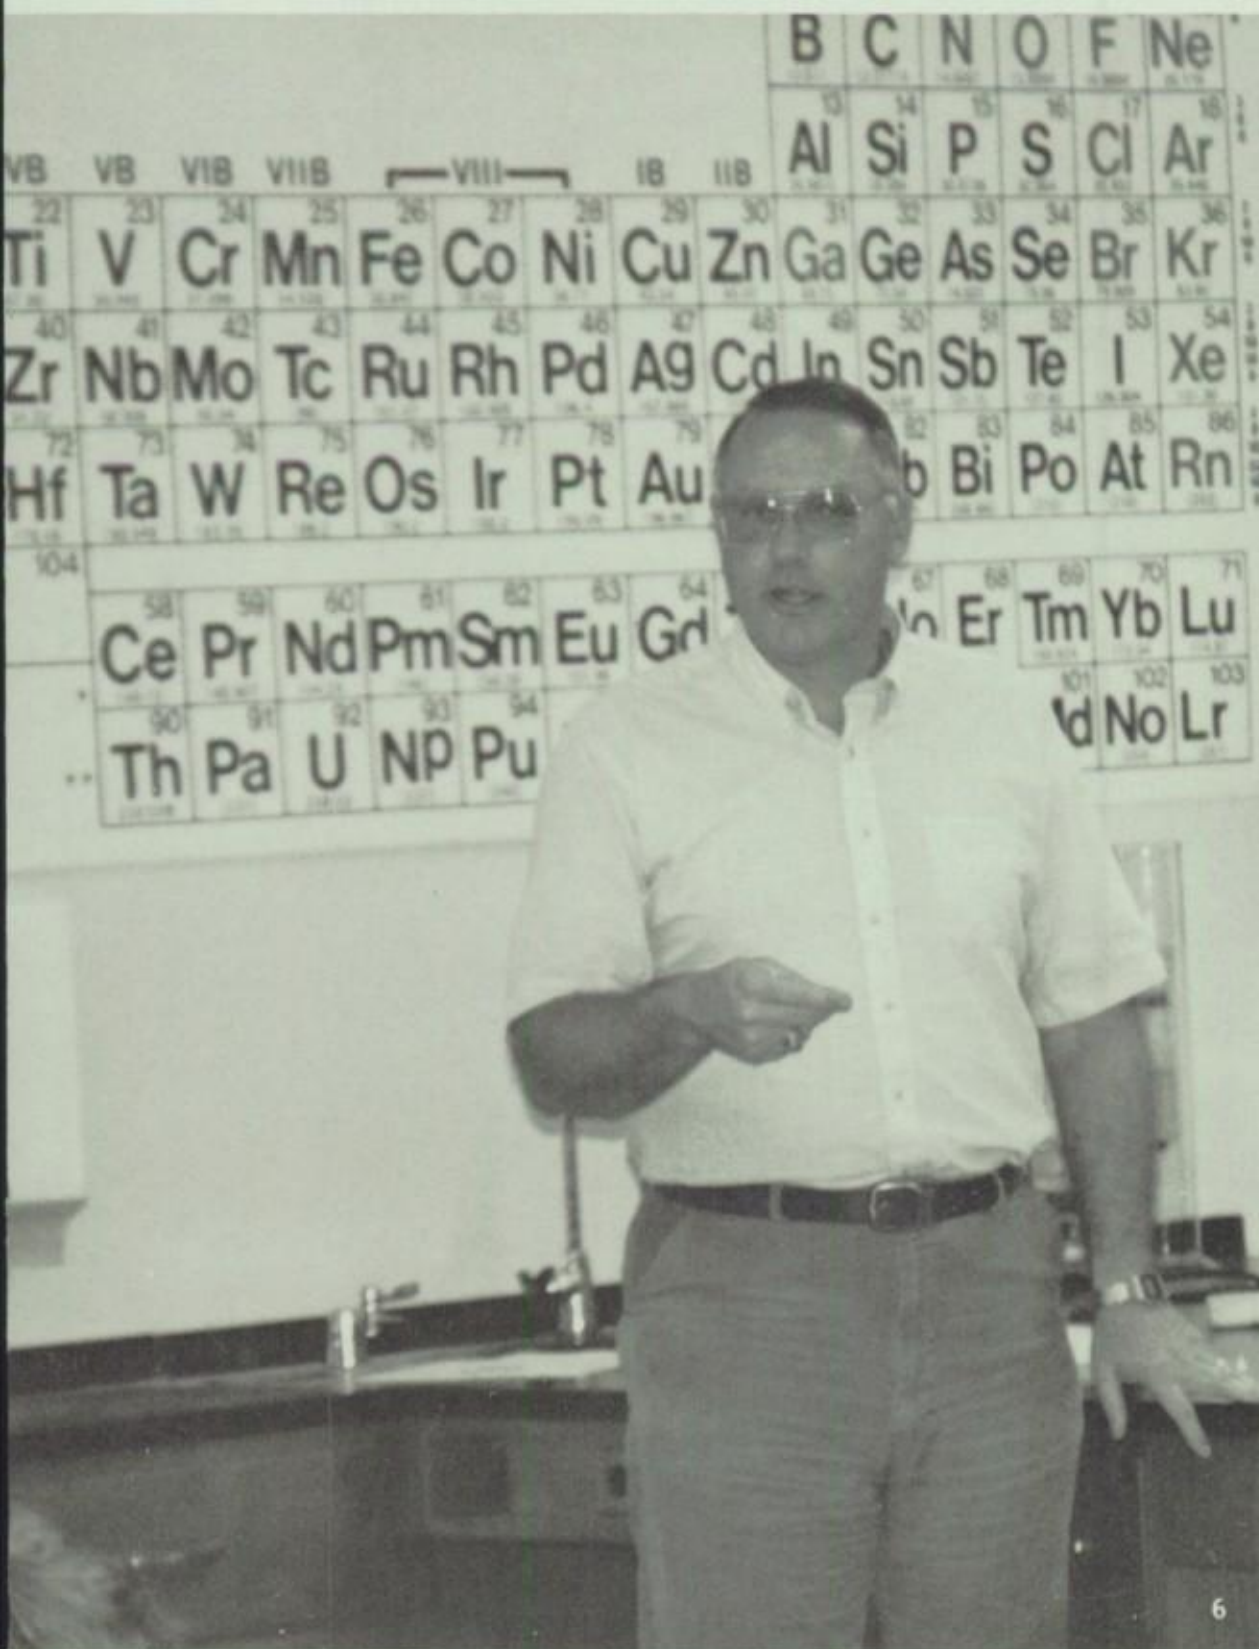

laws and composition of elements using the periodic table.

In Earth Science students learn about the Earth's composition and structure. They are able to distinguish between the various rock types. They also study meteorology, astronomy, and oceanography.

Physics is the study of natural phenomena. This includes the study of motion, force, light, sound and electricity.

The Science Department has something to offer for everyone. Come and find out what we have to offer, you may be surprised!

The Social Studies-History department, when asked to write a paragraph about the department replied: "In keeping with the mood created by the Iranian scandal, we regretfully and respectfully plead the fifth amendment to preserve our constitutional rights."

English Department

This year the major difference in the English Department was the addition of Essential English. This class was designed to insure competency in the fundamentals of English mechanics, writing skills and literature. The class insures that high school graduates are competent in English.

This year FHS also had its first poetry club. Shakin' Popcorn Jive is sponsored by Mrs. Holland. It was started after students expressed an interest in a poetry club.

There were many new ideas that were evolved into useful changes this year in our mighty math department. All of the math teachers had their input in these terrific metamorphoses.

This year, two new curriculums were used in the math department: a new Advanced Placement Calculus curriculum and a new Trigonometry/Pre-Calculus course.

Also, a program of cross-over credits providing math credit toward graduation requirements, for taking certain courses in industrial education was used.

Art & Music Having Fun!

There once was a breed of people who wanted to acquire an education in the field of art. Somewhere along the line these people decided to teach. Art departments were born! Included in this type of people is N.A.U. grad Barbara Ann Vanderbeck, who is the head of our art department. The other half of the department is a guy named Tony Contreras; also a N.A.U. grad. Their goals this year are to foster self-expression and to have a good time doing it!

Programming With Computers

The computer programming curriculum is one of the newest features being offered by F.H.S. This year the computer labs were equipped with new I.B.M. Personal Computers, new software, and furniture. Courses were expanded and changed to the current offerings of Computer Awareness, Fortran, Cobal, Basic, Pascal and for the fall of 1987 Advanced Placement Pascal. The A.P. Pascal classes will give the students an opportunity to earn up to six credits at any of the three Universities in Arizona. During the last three years student enrollment in these courses has gone up by more than 50% at the high school level. The enrollment is expected to increase greatly in the future and further expansion is expected.

Language

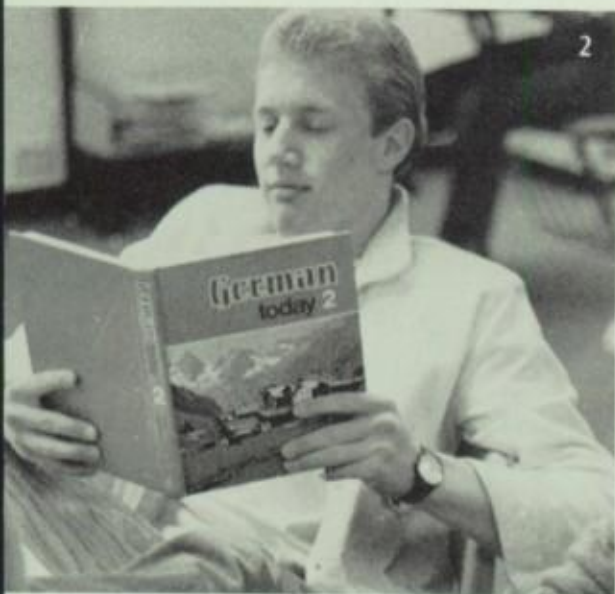

Flagstaff High School's language department offers French, German, and Spanish to the students.

The French classes help students to explore the French culture. They learn about France, as well as other Francophone countries. Students explore popular customs and traditions to make the language come to life. The French Club plans many extracurricular activities and enables FHS to host a student from France and send FHS students to France every year.

The German classes at Flagstaff High School are offered for five years. In each level, an emphasis is placed on learning to read, write, listen, and speak the language. The students learn dialogs, write conversations, play games, and read magazines. There is also a German Club that celebrates Oktoberfest, raises money, and donates to worthy causes.

There are five levels of Spanish taught here at FHS as well. Each level deals with grammar, verb tenses, and lots of vocabulary. Spanish classes also do fun activities when learning about Spanish culture and history, such as cooking. The students have even had opportunities to travel to Mazatlan, La Paz, and Puerto Vallarta, Mexico with the Spanish Club.

The people who teach P.E. at F.H.S. have many varied interests. Elk, deer and javalina do not stand a chance during hunting season with Vicki Rawlinson's rifle and Claire Harris' bow. Craig Holland shoots in the low 70's for his golf game and is an accomplished angler. Kate Carlin plays softball and competes in triathalons.

With such varied interests, students are offered a wide choice of activities in their P.E. classes.

The Resource Program at F.H.S. is designed to help students who have problems related to their school performance. To qualify for help in the resource program students must have average or above intelligence and there must be a substantial gap between what they are able to do academically and what they are actually doing. Some students get resource help because their emotions get in the way of their learning or participating in a regular curriculum. Students spend part of each day with resource teachers and the rest with regular classes. In some cases students earn math credit, science credit, etc. in the resource class; in other cases they only receive tutorial help and study skills through the resource class.

Business Department

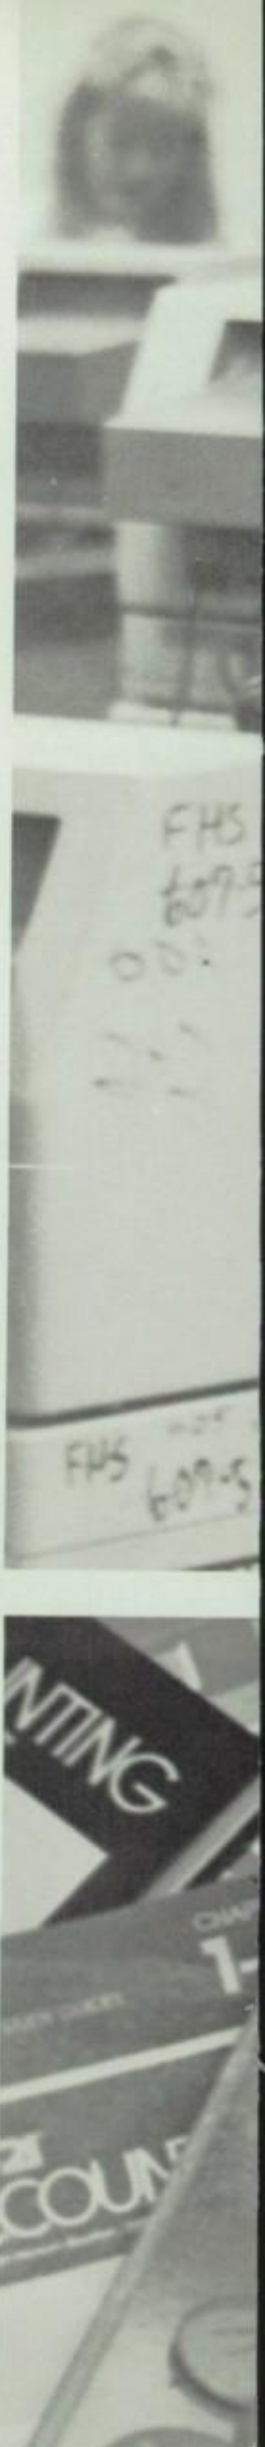

There's no room for monkey business in the Business Department at FHS. This year, the Flag High Business Department is gearing up to keep in stride with changes in today's world. The Adv. Accounting, Typing 1A, Typing II, and Voc. Office Procedures classes are being taught on computers using word processors and other software. Pascal and Fortran have been added since last year. IBM computers are being used in the Adv. Computer classes. FBLA, a national, state, and local organization for business students, is active here at FHS. The students develop leadership, a better understanding of American business enterprise, and encourage school loyalty and scholarship.

Organizations

At FHS, boy do we have the clubs! Over twenty-five different clubs—ranging from on-the-job programs such as C.O.E. and H.E.R.O. to specific-interest organizations such as Auto Club and Clay Club. At least one of these many clubs will suit an interest of yours.

C.O.E., H.E.R.O., D.E.C.A., I.C.E., and V.I.C.A. are all career-oriented. These programs allow students to attend school for half a day, then work out of school in the afternoon. Enrollment in these clubs is limited to seniors.

The three foreign language clubs give students in the French, German, or Spanish classes the opportunity to expand their studies beyond the classroom and into the culture of each corresponding country. Students participate in various fundraisers and use the profits for parties, potlucks, school and community service, and hopefully, to take a trip to France, Germany or Mexico!

Other clubs devote their fundraisers and activities to the benefit of the school. Still others revolve around specific interests: Chess Club, Pep Club, Soccer Club, etc.

Clubs give students an extra opportunity to get involved and promote to the general well-being of the school in general.

1) Green and Brown Staff: Mr. Felder, Manuel Delgado, Jill Armour, Kathy Epperson, Shantel Baker, Tina Royalty, Mary Grove, Sailor Breckenridge, James Padilla 2) James Padilla

At the beginning of the 1986-87 school year, the Green and Brown staff consisted of four people. While the advisor, Mr. Felder, pondered whether or not to continue the paper; Mary, Shantel, Kathy, and James debated on their own and wondered if the Green and Brown would exist their Senior year.

After a few days of frustration, Tina walked into the classroom; bringing with her a new enthusiastic attitude. A week later Manuel joined the team and the newspaper staff was formed.

With the organizing qualities of Jill and Sailor's artistic ability; they produced their first paper on October 2. Amazingly, the paper was one of the best Flagstaff High School has ever seen and was praised as such by both students and the administration.

The Green and Brown staff is composed of people from different creeds and cliques, that have joined together to not only perform their duties but to share a strong bond as close friends.

Peer Counseling

Have you ever had a day when you wish you could crawl back in bed and start over? Have you ever had the urge to let out all of your feelings and problems but did not have anyone to talk to? Well, sooner or later everyone encounters each of these problems and to overcome them is a task in itself, but here at Flag High, we have a group of 21 special people who are called Peer Counselors, who attempt to make this task less difficult. This unique group, sponsored by Mrs. Carol Painter, consists of specially-trained students who apply their individual counseling skills to the high school level, junior high level, elementary level, and New Start program. Overall, Peer Counselors want to achieve a positive attitude throughout Flagstaff High School and enable the faculty, administration, and student body to grow as one big family.

Junior Varsity Cheer

Krisy Dethlefs

We were nine girls coming from various aspects of life. We all thought differently and acted differently, but we conquered those differences and came together as one — Junior Varsity Cheer. All the help and support we had from Mrs. Clark, Mrs. Wells, and Mrs. Van Dyke changed our outlook and helped us to become what we are. We would like to thank each of our sponsors and all of the student body. This year has been one of our best. We love you all!

— J.V. Cheer

As co-captains of this year's Spirit Line, we would like to thank the girls for a

year that never will be forgotten. The 1986-87 year was truly a success. It was your dedication and desire to be the best that elevated the spirit at our school and proved to the rest of the state that the Eagles undoubtedly are the best. The friendship and memories have forever touched our hearts. We learned what hard work means but in return we learned what the thrill of victory means also. And the people that helped us make this year go so well, were our dedicated sponsors: Carol Clark, Donna Van Dyke, and Lois Wells. We'll never forget the smiles and tears that were spent with these terrific ladies.

Flag High Chorus:

Choraliers

The Flagstaff High School Choraliers is the top performing choir at F.H.S. There are 18 members in the group, all upperclassmen. They meet at 7:30 a.m. every morning to rehearse, which is not always an easy job!

Their repertoire includes a variety of musical styles including jazz, pop, madrigals, and spirituals. Often the Choraliers add choreography to their more up-beat tunes. Each year they tour a majority of Flagstaff schools promoting vocal music in Northern Arizona.

The F.H.S. Chorale is made up of 40 students who have been previously involved in musical activities. It is the largest choir in the school. To become a member of Chorale one must audition, and have some musical experience. It is recommended that one take one year of Mixed Choir before joining Chorale.

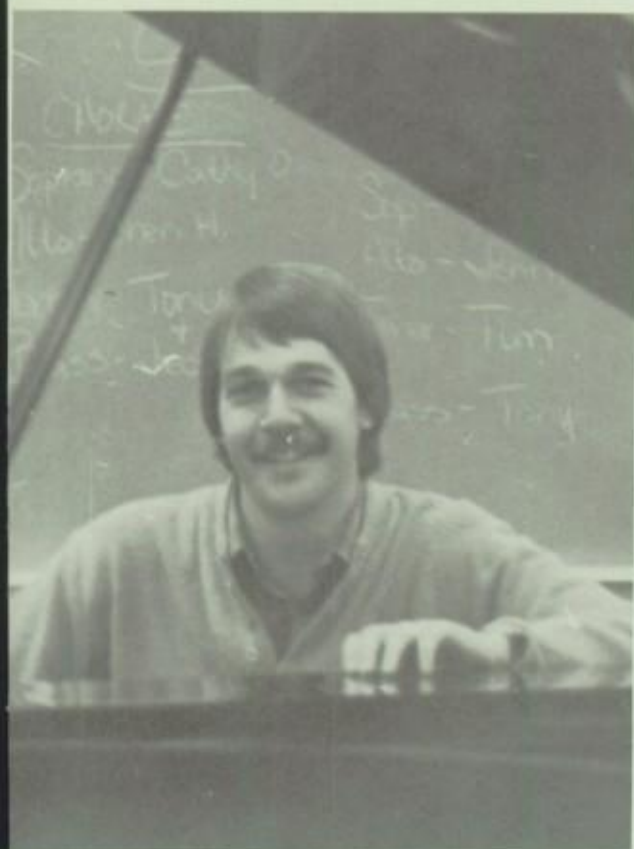

Mixed Choir is a beginning choir class that must be taken before joining Chorale or Choraliers. There is no need to audition to get into Mixed Choir.

Activities

F.H.S. hosts approximately five dances a year: three first semester and then two the second. First off, Student Council arranges some sort of "Get Acquainted" dance. This year it was a "Life's A Beach" dance and students were given the option of swimming or dancing as the pool was also open. Later, in the midst of football season, a "Homecoming Dance" was a part of the annual homecoming festivities. The "Sig Figs" provided music for this dance which was held at the Art Barn.

It has become a tradition to combine our "Christmas Dance" with Coconino High School, since it has been such a huge success in past years. This year was no exception as the dance, held at CHS, had an overwhelming turnout.

Last but not least, F.H.S. hosts the traditional MORP and PROM. MORP is the casual, girl-ask-guy dance which precedes and is exactly the opposite of PROM. PROM was held at SAC Ballroom and as usual, was a wonderful night.

— This is one of many of the hilarious moments at the "Donkey Basketball" game. Unfortunately, the Coconino seniors won the tournament this year, which happened to be the first year these games were held.

*Is this our daughter Shawna?
Known as Shawna Ree.
We don't remember growing older.
When did she?*

*When did she get to be a beauty?
When did she grow to be so tall?
Wasn't it just yesterday
When she was very small?*

*She's filled our hearts with laughter.
With beauty like a dove.
With this our darling Shawna,
We give you all our love.*

Chris,
Set your hopes high!
Reach for a star!
Dare to discover the person you are!
Focus your vision beyond what you
see,
Give all your best,
be the best you can be!
Welcome adventure
and let your dreams soar,
Grow and discover! Imagine! Explore!
Follow your rainbows, look up and
believe —
You'll find that no goal
is too hard to achieve!

and a
Flagstaff Eagle!*

*Kristen,
Keep coming back
For all they've got
and take it with a grin
when disappointment
trips you up
or failure barks your shin;
Keep coming back
and if at last
You lose the game of right*

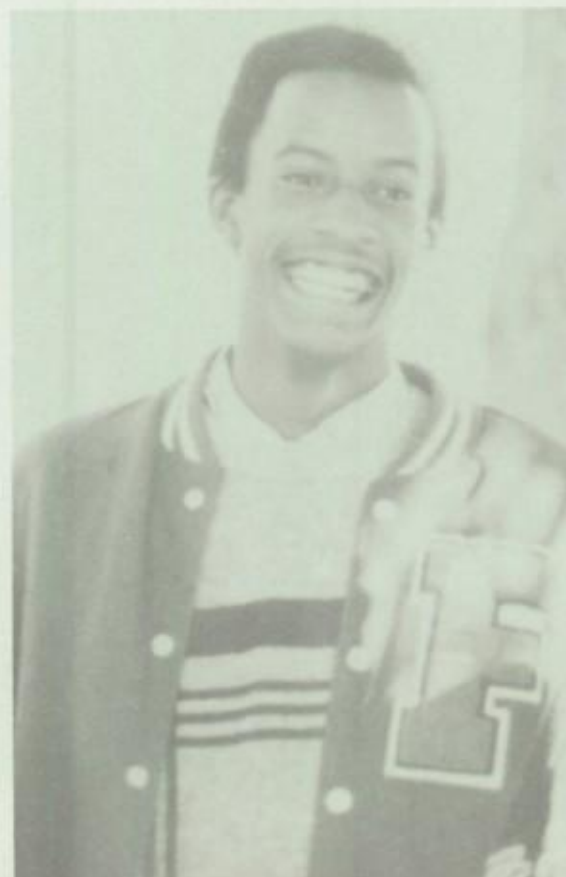

*let those who whipped you
know at least they, too,
have had a fight*

Laurie and Vickie

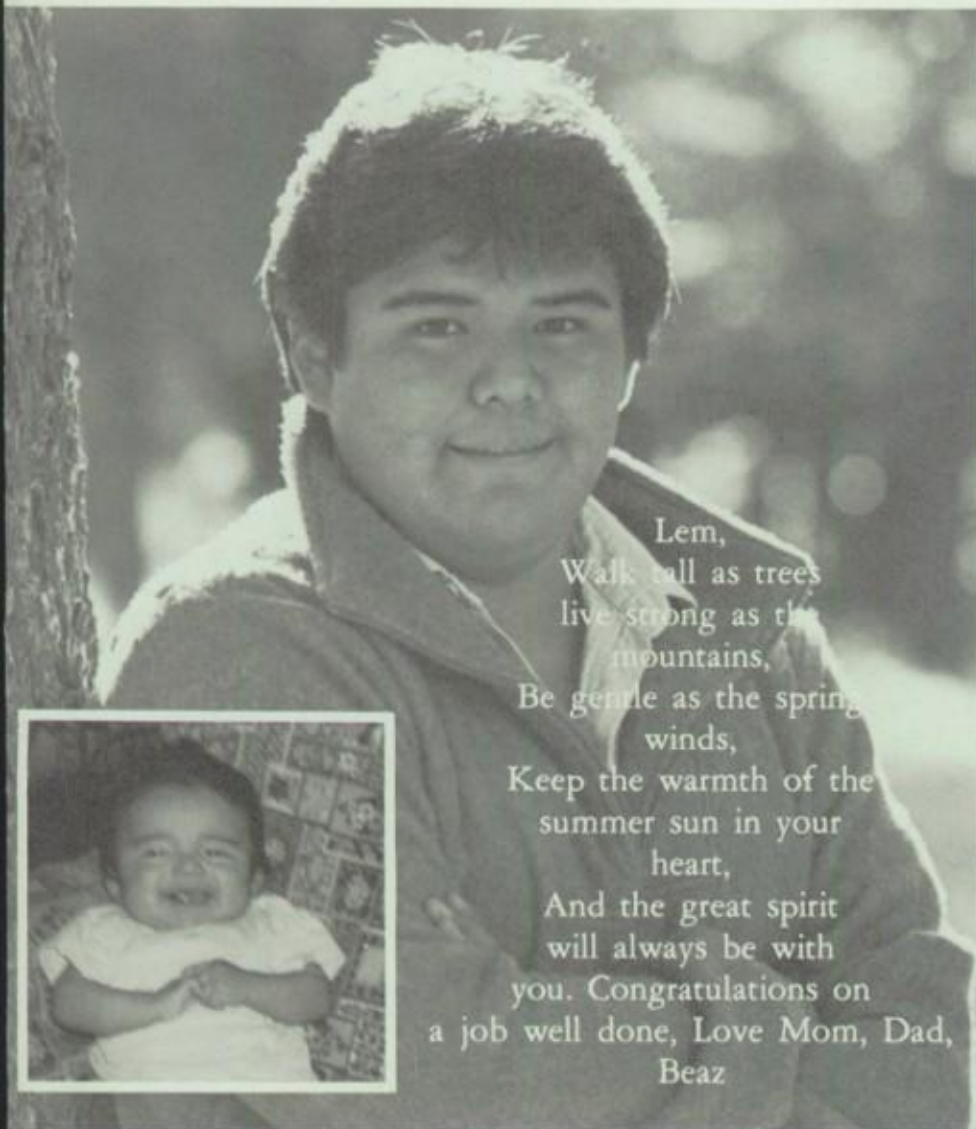

Since you were born you have been such beautiful additions to our family.

Now that you are growing up, we can see that you are beautiful additions to the world and we are so proud of you.

As we watch you doing things on your own, we know you will find happiness and success because we are confident in your abilities, your self-knowledge, your values.

We wish you all of the excitement, all the challenge, all the happiness life can hold.

*Love,
Mom and Dad*

Lem,
Walk tall as trees
live strong as the
mountains,
Be gentle as the spring
winds,
Keep the warmth of the
summer sun in your
heart,
And the great spirit
will always be with
you. Congratulations on
a job well done, Love Mom, Dad,
Beaz

Laurie,
Congratulations,
best of luck
always!
Love,
Dad, Carol,
Barbara

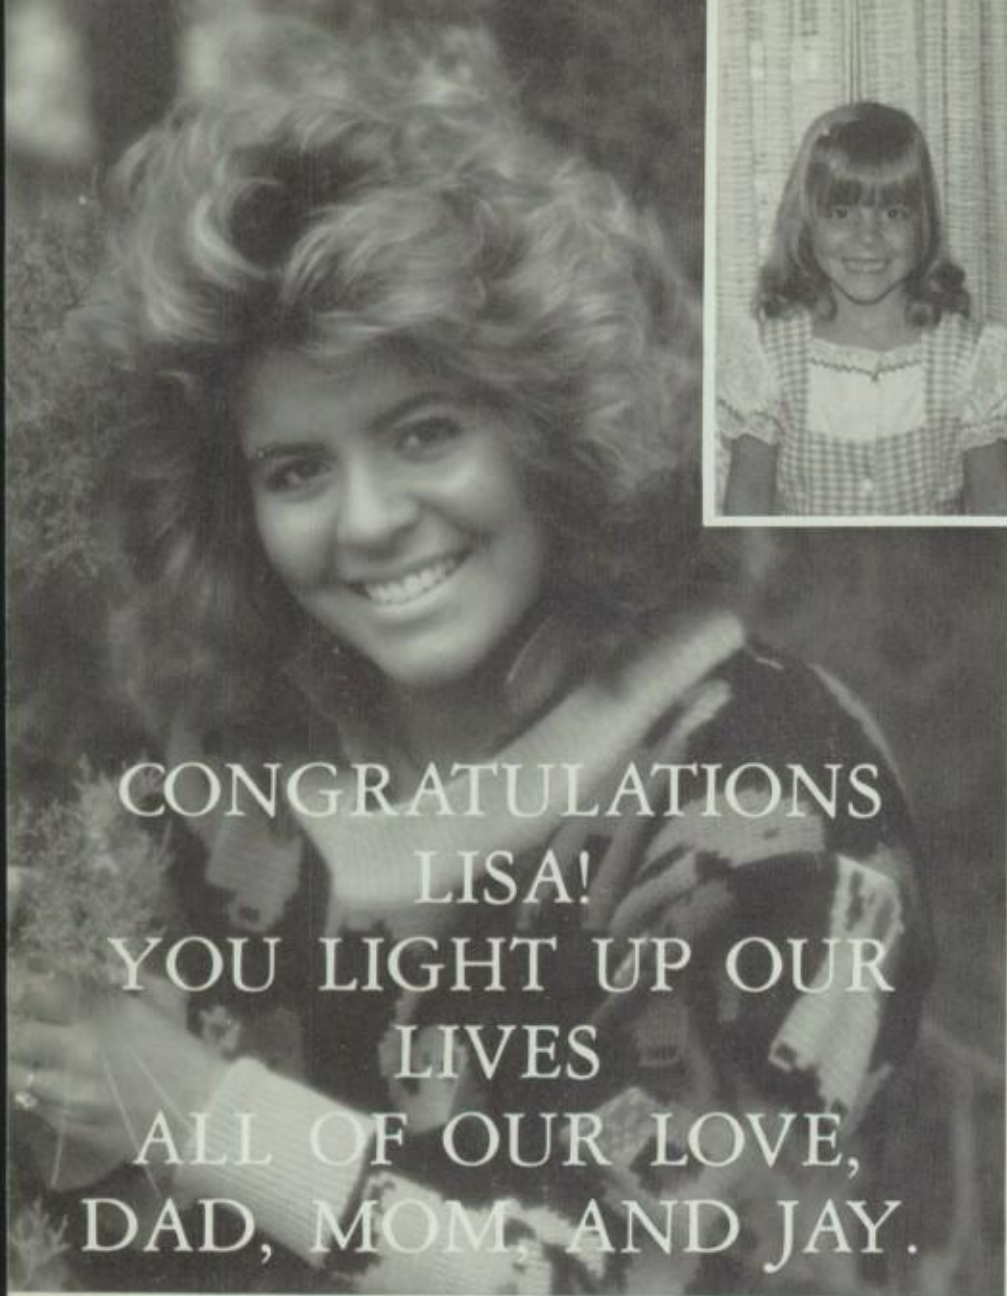

Look back see what you've
learned
Look now see how you are
Look forward on how you can
grow
Congratulations, We Love You

"And nobody said
that it wouldn't be hard
as we reach for the heavens
and soar towards the stars
But if you catch a
cloud
in a sky of
deep blue
then maybe, just
maybe
All your dreams
will come true.

*TO MY SENIOR FRIENDS:
GOOD LUCK AND THANKS.
MANUEL DELGADO*

*Far Away
When you sit empty hearted
Wishing you were not alone
When you shed a tear of loneliness
Wishing I was by your side
Whisper my name . . . once, silently
Whisper my name . . . twice, and concentrate
Before you know it I will be there to lend a hand
Before you ask for it I will give you love
When you don't expect it I will give you
A soft hug
It will all be in your mind . . .
But in the far away distance I will
Hear your silent cry and will also
Be shedding a tear of loneliness wishing
I was by your side.*

Scott and Mary,

*If you think you are beaten, you are;
If you think you dare not, you don't.
If you'd like to win, but think you can't,
It's almost a cinch you won't.
If you think you'll lose, you're lost,
For out in the world we find
Success begins with a fellow's will;
It's all in the state of mind.*

*If you think you're outclassed, you are;
You've got to think high to rise.
You've got to be sure of yourself before
You can ever win a prize.
Life's battles don't always go
To the stronger or faster man;
But soon or late the man who wins
Is the one who thinks he can.*

The best to both of you
Love Mom and Dad Christensen

In Memory Of Jason Gray

Coach,

When I look back on the last four years I spent in high school, I can't think of anyone or anything more valuable than you! Your guidance has meant a lot to me, and it has meant a lot to my family. They really appreciate what you have done to and for me. My father has always been thrilled with the accomplishments I have made athletically and academically. He rarely ever got chances to watch me, but I always told him if we won or lost (more wins than losses). He would always state "well I guess you boys are doing what coach wants you to," or "why didn't you do what coach told you to do?" They sort of relied on you to make me. You did make me, and I love you like a dad for that. There is no one who has ever pushed me so hard, and then make me want to go for more. You gave me one whole hell of a lot of confidence because of the level of coaching you approached us at. You say Coach Nasser was the best. In his time maybe, but you are better, and you always will be in my time. (The only reason I say that is because a Nasser never beat a Vitt at anything!) So you're doing something right. Just continue to, and I know you will. Once I get married, and I have children, you know who they'll play for, right? Just do your best, K? Keep in touch, and if you ever need anything from me or my family, takes us up on it, you will receive. Take care!

Love

Joe Vitt

"Vitter"

A friend than a
teacher! We be by
to see you next year and
go on! And we also be
by to collect my million
dollars and my courtle.
Thanks for a great year
Mr. Waidinger (Luz)!
Love ya!

P.S. Take care
of that knee
and don't push
yourself!

Dear Mr. Waidinger
Well I don't really
know what to write,
but here goes. It's been
great knowing you (sometimes
you've been like a second dad
to me really). I hope you keep in
touch with me, and whenever you
go to Vegas, look me up. You know that there
is never be another one like me, cuz I'm
the greatest! HA! Well I hope you have a good
life, keep up the good work with your students.
And I'll miss seeing your funny face around!
Blahblah

Coach,
It's been great
being in your
class. I say cool
Have a nice summer
See you next year!
Love
Tom

Have a nice summer from
Mr. Waidinger!

Have a nice summer from
Mr. Waidinger!

Coach,

Coach I can't believe

that I made it!

You are a super!

Next guy & I'll miss

you & let when I'm

gone! I'll just have to

come by & see you!!

Thank you everything!

I enjoyed being a T.A.

for you this year! Take

super good care of yourself

this year & in the years

to come! And don't let

those dorms drive

you crazy!! Stay just

the way you are!!

It's you better
keep in touch! or else!

Coach (Buz3)

Huy! How's it going. (3)

I'm really gonna miss you

coach. Even though you've

had your moods! So have I!

I'm glad you came back this

last 3 weeks. You may say

I've changed, but so have you.

I wish you could have

been here for the final

today. But I'll be sure

to stop by and say

good-bye! You take good

care of yourself and

don't you ever forget me! I

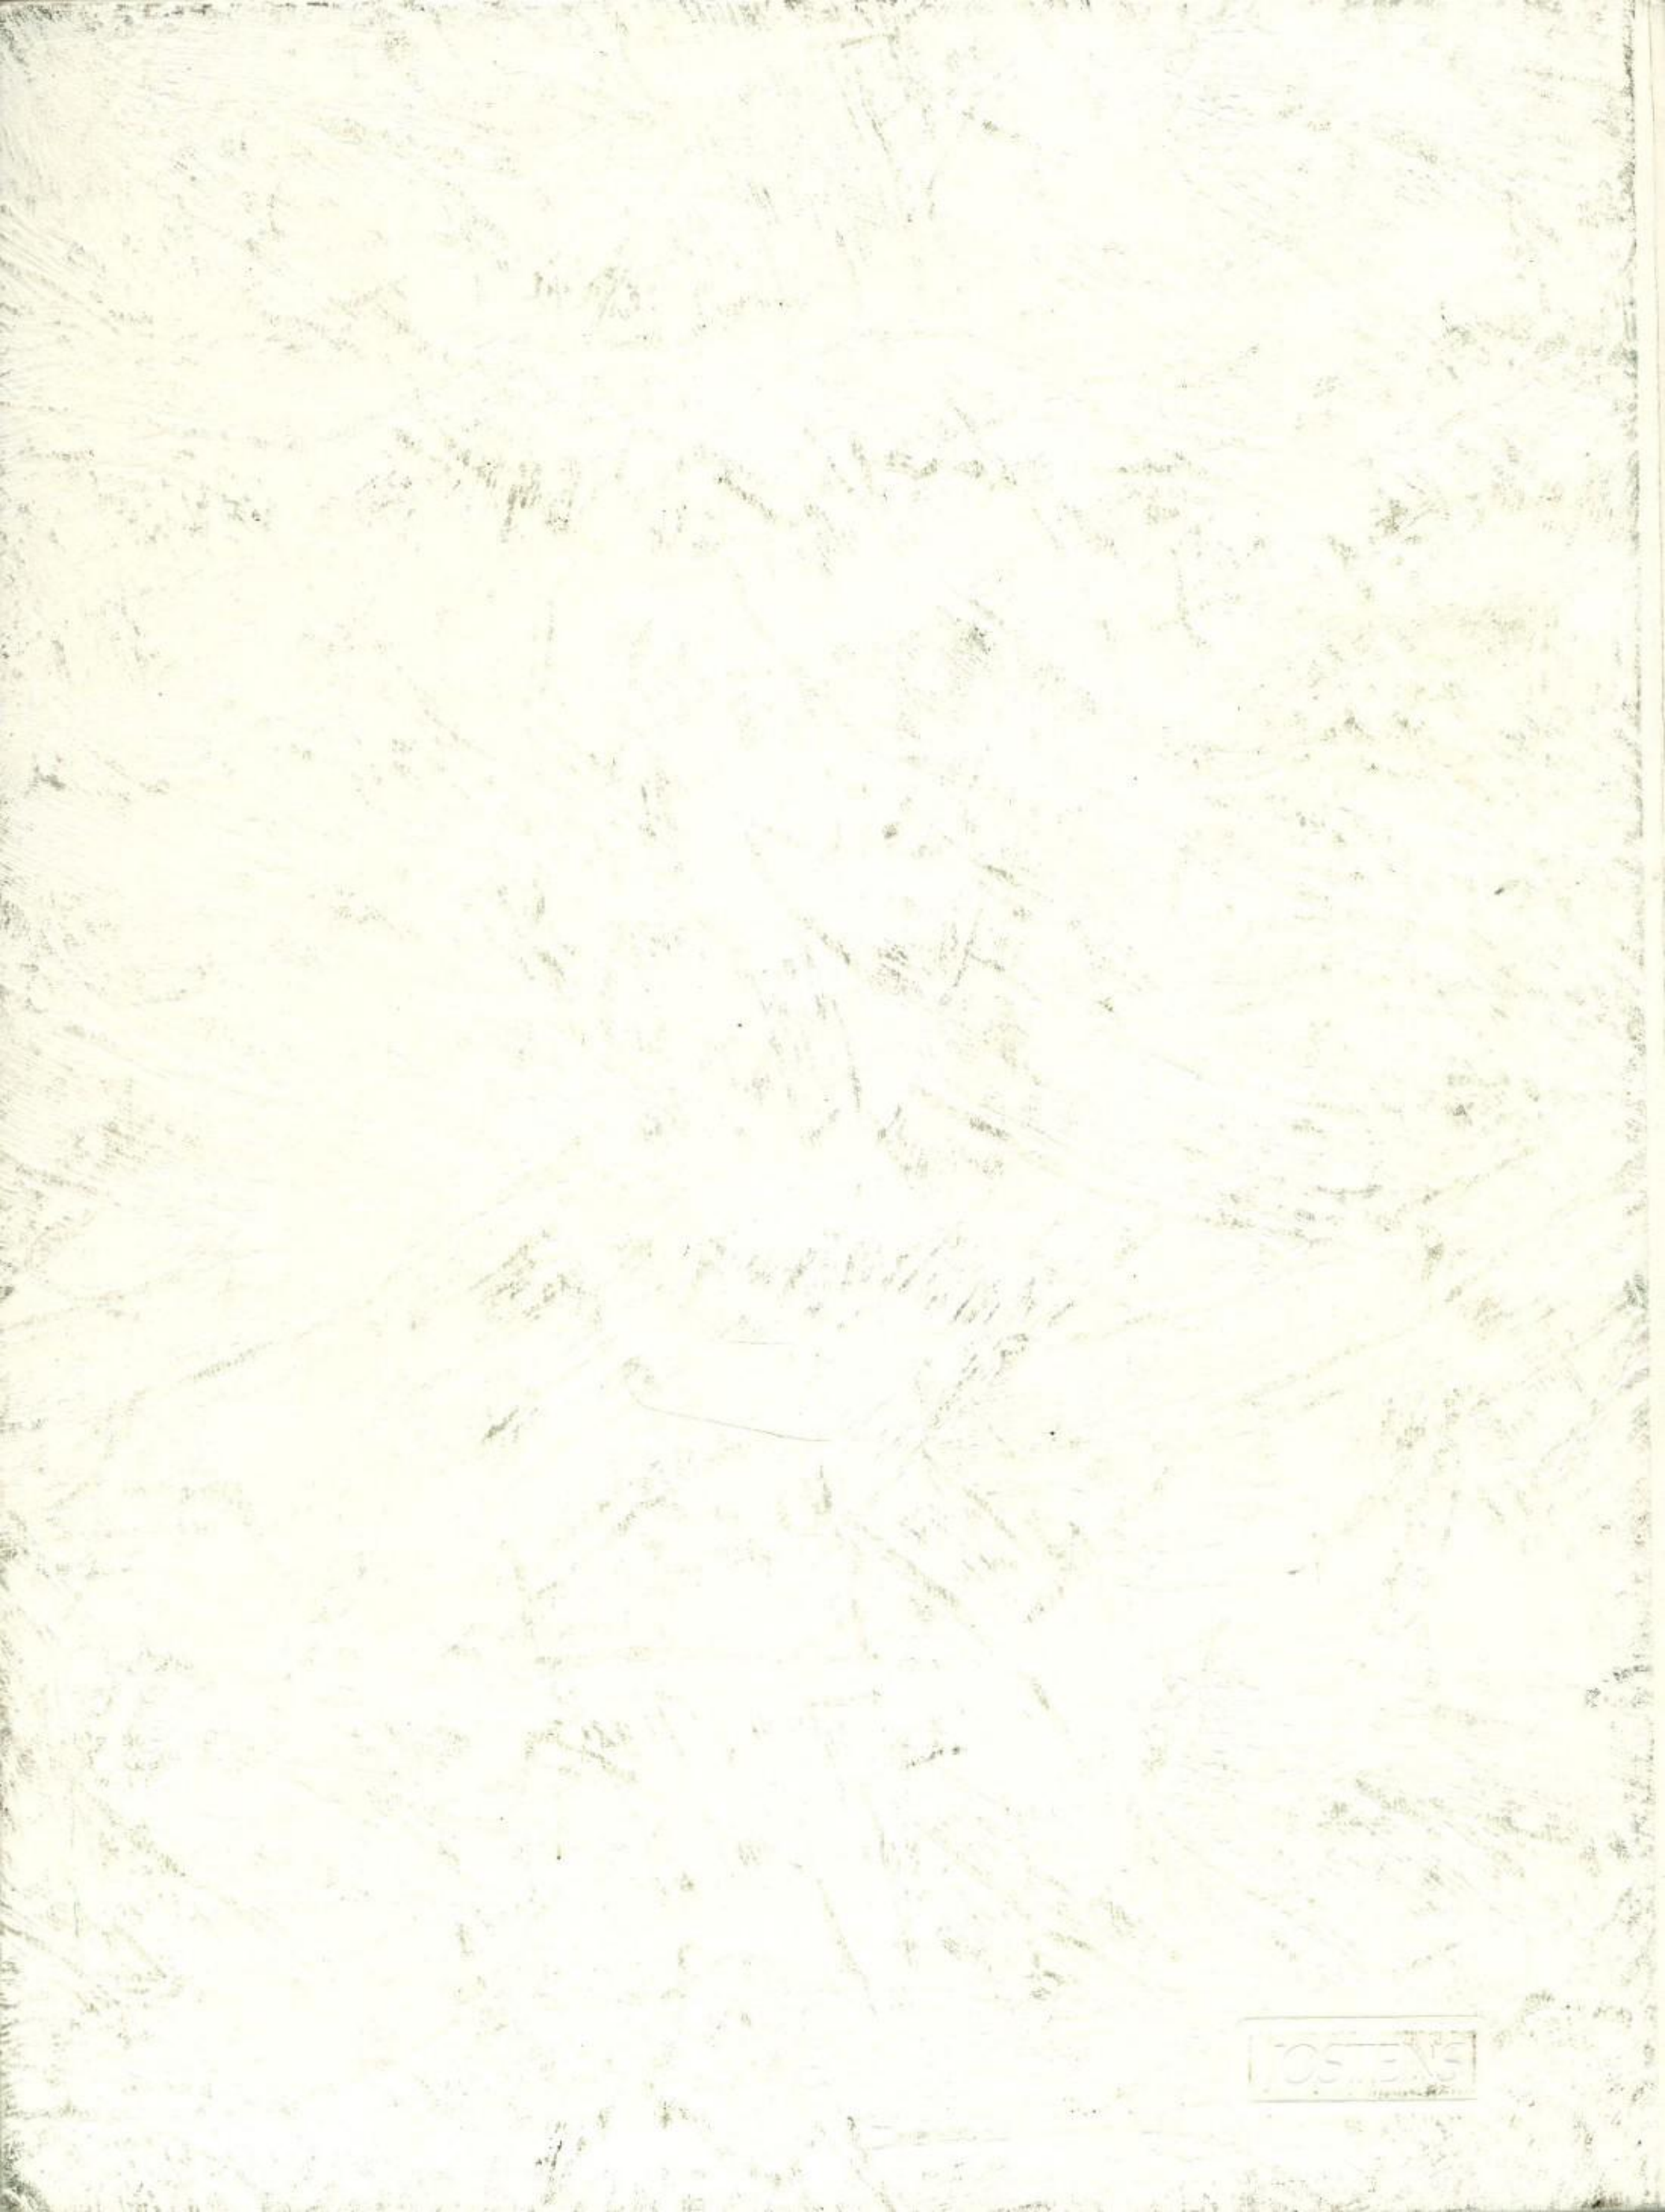

know you won't. Just like

~~you~~ I'll never forget you!

You've been a great friend

to me. In fact, I consider

you more as a
